

PEDRO JAVIER GUTIERREZ ARMAS

Senior Database Administrator | PostgreSQL, SQL Server, SQL Optimization, Data Integrity

San Jose, Costa Rica | +506 6351-5860 | pj13eros@hotmail.com | linkedin.com/in/pedrogutierrez13

PROFESSIONAL SUMMARY

Senior database and SQL professional with 15+ years of experience administering, developing, optimizing, migrating, and maintaining database and data warehouse solutions across SQL Server, PostgreSQL, MySQL, Snowflake, SSIS, SSAS, SSRS, Power BI, Python, PowerShell, and Azure-based environments. Strong background in complex SQL, stored procedures, database objects, indexing, query optimization, data integrity, data validation, migrations, reporting datasets, and production-oriented operational support. Experienced working with cross-functional teams to resolve data issues, improve performance, maintain reliable reporting workflows, and support business-critical decision-making.

TECHNICAL SKILLS

Database Administration: SQL Server, PostgreSQL, MySQL, relational databases, database maintenance, migrations, table structures, views, indexes, data integrity

SQL Development: Advanced SQL, T-SQL, stored procedures, complex queries, database objects, SQL logic migration, query optimization

Performance and Reliability: indexing strategies, performance tuning, warehouse processing optimization, validation checks, error handling, operational continuity

Data Engineering and BI: SSIS, ETL/ELT, data pipelines, data transformation, data warehousing, Snowflake SQL, dbt, Power BI, SSRS, SSAS, Excel

Automation and Analysis: Python, Pandas, NumPy, Matplotlib, PowerShell, anomaly detection, data dictionaries, process documentation

Business Collaboration: stakeholder collaboration, requirements translation, reporting datasets, actionable insights, cross-functional delivery

PROFESSIONAL EXPERIENCE

Snowflake Developer / Data Engineer | ServiceTitan | September 2024 - Present | Remote / Costa Rica

- Migrated C# reporting logic into Snowflake SQL to support scalable reporting and analytics workflows.
- Create and maintain dbt models within silver and gold data layers, improving model organization, reusability, and downstream reporting reliability.
- Work on Snowflake SQL and dbt performance tasks to improve data warehouse processing efficiency, reducing processing time by 20% in an initial optimization phase.
- Created a proof of concept for a new data warehouse model using Kimball methodology and best practices to define modeling standards and improve query and processing performance.
- Support dbt MetricFlow work by helping create and organize metrics for different datasets, improving consistency and usability of analytical definitions.
- Technologies: Snowflake, Snowflake SQL, dbt, MetricFlow, data warehousing, Kimball, SQL, C# logic migration.

Data Engineer | SMASH Costa Rica | May 2021 - September 2024 | San Jose, Costa Rica

- Designed and implemented customized ETL applications tailored to client requirements, reducing manual processing time by up to 40%.
- Built and maintained data workflows using SQL Server, SSIS, Python, PowerShell, Snowflake, Power BI, and Excel.
- Developed automated exploratory data analysis and validation tools using Pandas, NumPy, and Matplotlib to detect anomalies, improve data validation accuracy by 30%, and accelerate reporting workflows.
- Prepared, cleaned, transformed, and modeled datasets for business reporting, Power BI dashboards, and operational decision-making.
- Technologies: SQL Server, SSIS, Power BI, Python, Pandas, NumPy, Matplotlib, PowerShell, Snowflake, Excel.

SQL Developer | Intertec International | February 2019 - April 2021 | San Jose, Costa Rica

- Developed and optimized stored procedures, SQL queries, and database workflows supporting complex business logic and analytics needs.
- Consolidated multiple disparate data sources into analytics-ready datasets using optimized ETL processes.
- Improved data accuracy by over 25% through validation checks and error-handling mechanisms across key workflows.
- Reduced query execution times by up to 50% through SQL optimization, indexing strategies, and performance tuning.
- Technologies: SQL Server, SSIS, Salesforce, MySQL.

DBA / SQL Developer | EL Tiempo | September 2020 - November 2020 | Colombia

- Led planning and execution of data migration projects for 10 databases, delivering all phases on time and within scope.
- Worked with cross-functional teams to identify migration risks, validate data, and maintain data integrity.
- Supported multi-platform migrations and continuity of operations during deployment activities.
- Technologies: SQL Server, SSIS, Azure, SSRS.

DBA / SQL & BI Consultant | Gold Data Networks | January 2016 - February 2020 | Panama City, Panama

- Built relational databases and table structures from the ground up to support dynamic web applications and reporting workloads.
- Developed custom database objects and stored procedures to improve application performance and support scalable backend processes.
- Designed and implemented end-to-end data solutions integrated with existing infrastructure and BI/reporting needs.
- Technologies: SQL Server, SSIS, SSRS, PostgreSQL, Power BI, Excel.

Data Warehouse DBA | BAC Credomatic | November 2017 - January 2019 | San Jose, Costa Rica

- Developed and maintained ETL pipelines to extract, transform, and load data from multiple sources into the data warehouse.
- Defined and optimized table, index, and view structures for high-performance analytical workloads.
- Improved operational efficiency by identifying trends and hidden patterns in large datasets for data-driven decision-making.
- Technologies: SQL Server, SSIS, SSAS, Power BI, SSRS, Azure.

ADDITIONAL EXPERIENCE

- DBA and BI Consultant | Bosal | March 2017 - March 2018 | Designed the first stage of the company's main data warehouse and generated reports and presentations for senior management. Technologies: SQL Server, SSIS, Azure, MySQL, Power BI.
- Database Manager | Xetux Solutions | August 2016 - October 2017 | Defined database management policies and improved performance and data security across business areas. Created a data lake to consolidate sales data and support centralized reporting. Technologies: SQL Server, SSIS, SSRS, Azure.
- SQL and BI Consultant | ACH Cloud Services | August 2015 - August 2016 | Administered and developed company databases, created dashboards and reports for customer billing management, and documented the data environment. Technologies: SQL Server, SSIS, SSRS, Azure.
- Microsoft SQL Server DBA | EducaTablet | February 2015 - August 2015 | Administered and developed company databases and improved response times for database processes. Trained development teams on database programming good practices. Technologies: SQL Server, SSIS, SSRS, Azure.
- Microsoft SQL Server DBA | VIGEOSOFT | August 2014 - January 2015 | Modeled, designed, configured, and programmed OLTP databases for business applications. Documented process and structure changes through data dictionary practices. Technologies: SQL Server, SSIS, SSRS.
- Developer Analyst | Optica Caroni C.A. | September 2005 - May 2014 | Implemented six projects for lens laboratory areas, improved production workflows, and created management reports/dashboards. Technologies: SQL Server, SSIS, SSRS, .NET, VB6.

EDUCATION & CERTIFICATIONS

- Systems Analyst, Informatics - IUT Dr. Federico Rivero Palacio (2000 - 2004)
- English Certificate - Universidad Central de Venezuela / Microsoft (2013 - 2015)
- Analyzing and Visualizing Data with Power BI
- Complete Data Science Training with Python for Data Analysis
- R Programming A-Z: R for Data Science
- Dataiku Core Designer
- SQL Admin Part 1

LANGUAGES

Spanish: Native | English: Full Professional
