

PEDRO JAVIER GUTIERREZ ARMAS

Database Administrator | SQL Server and SQL Development

San Jose, Costa Rica | +506 6351-5860 | pj13eros@hotmail.com | linkedin.com/in/pedrogutierrez13

PROFESSIONAL SUMMARY

Database professional with more than 15 years of experience administering and developing SQL Server solutions in enterprise environments. Skilled in relational database design, SQL and T-SQL queries, joins, indexes, stored procedures, ETL, performance optimization, migrations, data integrity, and technical documentation. Experienced collaborating with development and business teams to resolve data issues and support operational and reporting processes. Based in Costa Rica with remote-work experience.

TECHNICAL SKILLS

Databases: SQL Server, PostgreSQL, MySQL, Snowflake; table, view, and index design.

SQL development: T-SQL, complex queries, joins, stored procedures, and query optimization.

Administration: Migrations, data validation and integrity, performance analysis, process documentation, and data dictionaries.

Integration: SSIS, SSRS, SSAS, ETL, Power BI, Python, and PowerShell.

PROFESSIONAL EXPERIENCE

Snowflake Developer / Data Engineer | ServiceTitan

Sep 2024 - Present | Remote / Costa Rica

- Migrate reporting logic from C# to Snowflake SQL and maintain dbt models for reusable analytical data.
- Optimize queries and warehouse processing; achieved an initial 20% reduction in processing time.

Technologies: Snowflake SQL, dbt, data modeling, Kimball

Data Engineer | SMASH Costa Rica

May 2021 - Sep 2024 | San Jose, Costa Rica

- Designed and maintained ETL applications and data workflows using SQL Server and SSIS to meet client requirements.
- Automated data validation and analysis, improving validation accuracy by 30% and reducing manual processing by up to 40%.

Technologies: SQL Server, SSIS, Python, PowerShell, Snowflake, Power BI

SQL Developer | Intertec International

Feb 2019 - Apr 2021 | San Jose, Costa Rica

- Developed and optimized stored procedures, SQL queries, and database workflows for business logic and reporting.
- Reduced query execution times by up to 50% through performance analysis, SQL tuning, and indexing strategies.

Technologies: SQL Server, T-SQL, SSIS, Salesforce, MySQL

DBA / SQL Developer | EL Tiempo

Sep 2020 - Nov 2020 | Colombia

- Led the migration of ten databases, validating data, risks, and integrity during implementation.

Technologies: SQL Server, SSIS, Azure, SSRS

DBA / SQL & BI Consultant | Gold Data Networks

Jan 2016 - Feb 2020 | Panama City, Panama

- Built relational databases, tables, and SQL objects for applications and reporting workloads; developed stored procedures.

Technologies: SQL Server, SSIS, SSRS, PostgreSQL, Power BI

Data Warehouse DBA | BAC Credomatic

Nov 2017 - Jan 2019 | San Jose, Costa Rica

- Maintained ETL processes and defined tables, indexes, and views to improve analytical workload performance.

Technologies: SQL Server, SSIS, SSAS, SSRS, Power BI, Azure

ADDITIONAL EXPERIENCE

- EducaTablet: administered and developed SQL Server databases and trained developers in database programming practices.
- VIGEOSOFT: modeled, designed, and configured OLTP databases; documented structural changes using data dictionaries.
- ACH Cloud Services, Bosal, Xetux Solutions, and Optica Caroni: database administration, data integration, and enterprise reporting.

EDUCATION AND LANGUAGES

Systems Analyst, Informatics - IUT Dr. Federico Rivero Palacio (2000-2004).

Additional training: SQL Admin Part 1; Analyzing and Visualizing Data with Power BI.

Spanish: Native | English: Full professional proficiency.
