

PEDRO JAVIER GUTIERREZ ARMAS

SSIS Integration Engineer | SQL Server, ETL and Enterprise Data Pipelines

San Jose, Costa Rica (CST) | +506 6351-5860 | pj13eros@hotmail.com | linkedin.com/in/pedrogutierrez13

PROFESSIONAL SUMMARY

SSIS integration engineer, SQL Server specialist, and data professional with 15+ years of experience building, supporting, testing, and optimizing enterprise data integrations. Strong hands-on background in SQL Server Integration Services, advanced T-SQL, ETL/ELT pipelines, multi-source data integration, stored procedures, production support, data validation, performance tuning, migrations, automation, and technical documentation. Proven record of reducing manual processing, improving data quality, troubleshooting live integration issues, and coordinating controlled deployments with developers, QA, support, infrastructure, and business stakeholders. Based in Costa Rica and aligned with CST business hours.

TECHNICAL SKILLS

SSIS and integration: SSIS package development and support, ETL/ELT, data pipelines, multi-source integration, scheduling, validation, error handling, deployment support, and production troubleshooting

SQL Server: advanced T-SQL, stored procedures, functions, views, indexing, query optimization, execution analysis, SQL Agent, backup and restore, and database administration

Quality and testing: data reconciliation, anomaly detection, source-to-target validation, regression support, exception diagnostics, post-deployment verification, and operational monitoring

Automation and platforms: PowerShell, Python, Git, AWS RDS, Azure-based environments, Snowflake, MySQL, PostgreSQL, Power BI, SSAS, and SSRS

Delivery: requirements translation, runbooks, technical documentation, stakeholder communication, controlled releases, incident response, and cross-functional collaboration

PROFESSIONAL EXPERIENCE

SQL Server DBA / Database Engineer | MWR Life

September 2024 - Present | Remote / Costa Rica

- Develop and support T-SQL stored procedures, functions, deployment scripts, diagnostic utilities, and database processes used by production applications and integrations.
- Led an InEvent data integration remediation effort covering source backup, data validation, controlled deployment, recovery of hundreds of records, stored procedure corrections, and post-release verification.
- Built diagnostic tooling to identify missing records, failed integrations, duplicate data, invalid dates, unmatched entities, and webhook-related data-quality exceptions.
- Monitor SQL Agent jobs, scheduled processes, long-running queries, execution history, alerts, and production incidents across SQL Server environments hosted on AWS RDS.

Technologies: SQL Server, AWS RDS, T-SQL, SQL Agent, PowerShell, JSON/OpenJSON, Git, monitoring, data validation, production support

DBA / SQL Developer | Health Catalyst

May 2021 - September 2024 | San Jose, Costa Rica

- Developed and supported production data workflows and client-specific integrations using SQL Server, SSIS, Python, PowerShell, Snowflake, Power BI, and Excel.
- Designed customized ETL applications that reduced manual processing time by up to 40%.
- Automated data validation and anomaly-detection routines, improving validation accuracy by 30% and strengthening reporting reliability.
- Prepared, transformed, and modeled data from multiple sources for operational reporting and downstream analytics.

Technologies: SQL Server, SSIS, T-SQL, Python, PowerShell, Snowflake, Power BI, Pandas, Excel

SQL Developer | Intertec International

February 2019 - April 2021 | San Jose, Costa Rica

- Developed and optimized T-SQL queries, stored procedures, SSIS workflows, and integrations across SQL Server, Salesforce, and MySQL.
- Consolidated disparate sources into analytics-ready datasets and improved data accuracy by more than 25% through validation and error handling.
- Reduced query execution times by up to 50% through indexing, query optimization, and performance tuning.

Technologies: SQL Server, T-SQL, SSIS, Salesforce, MySQL

DBA / SQL Developer | EL Tiempo

September 2020 - November 2020 | Colombia

- Led planning and execution of migration activities for ten SQL Server databases while maintaining data integrity and operational continuity.
- Coordinated migration risks, validation, deployment timing, and transition activities with cross-functional teams.

Technologies: SQL Server, SSIS, Azure, SSRS

DBA / SQL and BI Consultant | Gold Data Networks

January 2016 - February 2020 | Panama City, Panama

- Designed relational databases, stored procedures, and integration components for operational applications and reporting workloads.
- Delivered end-to-end SQL Server, SSIS, reporting, and data solutions aligned with business and infrastructure requirements.

Technologies: SQL Server, SSIS, SSRS, PostgreSQL, Power BI, Excel

Data Warehouse DBA | BAC Credomatic

November 2017 - January 2019 | San Jose, Costa Rica

- Developed and maintained SSIS pipelines that extracted, transformed, and loaded multiple source systems into the enterprise data warehouse.
- Designed and optimized tables, indexes, and views for reliable, high-performance analytical workloads.

Technologies: SQL Server, SSIS, SSAS, SSRS, Power BI, Azure

ADDITIONAL DATABASE AND INTEGRATION EXPERIENCE

- Bosal, DBA and BI Consultant: designed the first stage of the enterprise data warehouse and supported SQL Server, SSIS, Azure, MySQL, and Power BI delivery.
- Xetux Solutions, Database Manager: established database policies and created a centralized sales data lake for reporting and analysis.
- ACH Cloud Services and EducaTablet: administered SQL Server environments, developed data and reporting processes, documented operations, and trained development teams.
- VIGEOSOFT and Optica Caroni: modeled OLTP databases, developed SQL and application processes, and delivered operational reporting solutions.

EDUCATION AND LANGUAGES

Systems Analyst, Informatics - IUT Dr. Federico Rivero Palacio (2000 - 2004).

Additional training: SQL Admin Part 1; Analyzing and Visualizing Data with Power BI; Python for Data Analysis.

Spanish: Native | English: Full Professional
