

PEDRO JAVIER GUTIERREZ ARMAS

DATA ENGINEER | BI DEVELOPER | MICROSOFT DATA PLATFORM

San Jose, Costa Rica | +506 6351-5860 | pj13eros@hotmail.com | linkedin.com/in/pedrogutierrez13

PROFESSIONAL SUMMARY

Data Engineer and BI Developer with 15+ years of experience delivering SQL Server, ETL, data warehouse, reporting, and analytics solutions in consulting and production environments. Advanced background in T-SQL, SSIS, stored procedures, query tuning, dimensional data structures, Power BI, SSRS, SSAS, Python, PowerShell, Snowflake, and Azure-based environments. Experienced modernizing reporting logic, integrating heterogeneous sources, building reliable analytical datasets, supporting database migrations, and translating stakeholder requirements into maintainable data solutions. Proven results include reducing warehouse processing time by 20%, query execution time by up to 50%, and manual processing by up to 40%.

TECHNICAL SKILLS

Microsoft Data Stack	SQL Server, T-SQL, SSIS, SSAS, SSRS, Power BI, Excel, Azure-based data environments
Data Engineering	ETL/ELT pipelines, data integration, transformation, orchestration support, automated refresh workflows, production troubleshooting
Data Warehousing	Dimensional modeling, Kimball practices, fact and dimension structures, analytical datasets, data marts, silver and gold layers
Development	Stored procedures, functions, views, complex queries, Python, PowerShell, C# logic migration, Git-based workflows
Cloud and Platforms	Snowflake SQL, dbt models, Snowflake Cortex, MetricFlow semantic layer, PostgreSQL, MySQL, Salesforce integration
BI and Quality	Power BI dashboards, reporting layers, data validation, anomaly detection, error handling, documentation, stakeholder collaboration

PROFESSIONAL EXPERIENCE

Snowflake Developer / Data Engineer | ServiceTitan

Sep 2024 - Present | Remote / Costa Rica

- Migrate C# reporting and business logic into Snowflake SQL, creating maintainable transformation and reporting workflows.
- Build and maintain dbt models across silver and gold layers to deliver reusable, governed datasets for downstream analytics.
- Optimize Snowflake SQL and dbt processing, reducing data warehouse processing time by approximately 20% in the initial optimization phase.
- Created a Kimball-based data warehouse modeling proof of concept and support MetricFlow semantic-layer development with Snowflake Cortex.

Technologies: Snowflake, Snowflake SQL, dbt, MetricFlow, Snowflake Cortex, dimensional modeling, SQL, C# logic migration, Git

Data Engineer | SMASH Costa Rica

May 2021 - Sep 2024 | San Jose, Costa Rica

- Designed client-specific ETL applications and automated data workflows, reducing manual processing time by up to 40%.
- Built and maintained SQL Server and SSIS integration processes using Python, PowerShell, Snowflake, Power BI, and Excel across diverse source systems.
- Prepared, transformed, and modeled reporting datasets for Power BI dashboards and operational decision-making.
- Automated validation and exploratory analysis with Pandas, NumPy, and Matplotlib, improving data validation accuracy by 30%.

Technologies: SQL Server, T-SQL, SSIS, Power BI, Python, PowerShell, Snowflake, Pandas, NumPy, Excel

SQL Developer | Intertec International

Feb 2019 - Apr 2021 | San Jose, Costa Rica

- Developed complex T-SQL queries, stored procedures, and database workflows supporting business logic, reporting, and data integration.
- Consolidated SQL Server, Salesforce, and MySQL data into analytics-ready datasets through optimized ETL processes.
- Reduced query execution times by up to 50% through execution analysis, indexing strategies, and SQL performance tuning.
- Improved data accuracy by more than 25% through validation controls and error-handling mechanisms.

Technologies: SQL Server, T-SQL, SSIS, Salesforce, MySQL, stored procedures, query optimization

DBA / SQL Developer | EL Tiempo

Sep 2020 - Nov 2020 | Colombia

- Led the planning and execution of migration activities for 10 databases while preserving data integrity and operational continuity.
- Partnered with technical stakeholders to identify risks, validate data, and support deployment and reporting activities.

Technologies: SQL Server, SSIS, Azure, SSRS, database migration

DBA / SQL and BI Consultant | Gold Data Networks

Jan 2016 - Feb 2020 | Panama City, Panama

- Designed relational databases, table structures, stored procedures, and end-to-end data solutions for application and BI workloads.
- Delivered SQL Server, SSIS, SSRS, PostgreSQL, Power BI, and Excel solutions integrated with client infrastructure and reporting needs.
- Worked directly with stakeholders to translate requirements into scalable database, integration, and reporting solutions.

Technologies: SQL Server, T-SQL, SSIS, SSRS, PostgreSQL, Power BI, Excel

Data Warehouse DBA | BAC Credomatic

Nov 2017 - Jan 2019 | San Jose, Costa Rica

- Developed and maintained SSIS pipelines that loaded data from multiple sources into the enterprise data warehouse.
- Designed and optimized tables, indexes, and views for analytical workloads and supported reporting through SSAS, Power BI, and SSRS.
- Analyzed large datasets to identify trends and support data-driven operational decisions.

Technologies: SQL Server, T-SQL, SSIS, SSAS, Power BI, SSRS, Azure, data warehousing

ADDITIONAL RELEVANT EXPERIENCE

- Designed the first stage of Bosal's main data warehouse and produced management reporting for senior stakeholders.
- Created a centralized sales data lake at Xetux Solutions and supported SQL Server, SSIS, SSRS, and Azure-based reporting environments across multiple consulting roles.
- Developed databases, ETL processes, operational reports, dashboards, and technical documentation at ACH Cloud Services, EducaTablet, VIGEOSOFT, and Optica Caroni.

EDUCATION AND TRAINING

- Systems Analyst, Informatics - IUT Dr. Federico Rivero Palacio
- English Certificate - Universidad Central de Venezuela / Microsoft
- Analyzing and Visualizing Data with Power BI | SQL Admin Part 1 | Dataiku Core Designer
- Complete Data Science Training with Python for Data Analysis | R Programming A-Z

LANGUAGES

Spanish: Native | English: Full professional proficiency
